FIVE PRINCIPLES BEHIND THE REACH

PRINCIPLE 1
Name the audience
Say exactly who it's for, so the right person stops scrolling.

PRINCIPLE 2
Say the fear out loud
Address the worry they already have, directly.

PRINCIPLE 3
Give a real reason to act now
A genuine deadline or change, never a fake one.

PRINCIPLE 4
Make the free offer tangible
Show what they get, not just that it's free.

PRINCIPLE 5
One call to action
One next step per piece. No menus.
